

Updated June, 2023

EMPLOYMENT

Courant Institute, New York University
Assistant Professor/Courant Instructor

New York, NY
2023/9–

EDUCATION

California Institute of Technology
Ph.D. in Applied and Computational Mathematics
Advisors: Thomas Y. Hou, Houman Owhadi, Andrew M. Stuart

Pasadena, California
2018–2023

Tsinghua University
B.S. in Pure and Applied Mathematics, GPA ranked 1st

Beijing, China
2014–2018

RESEARCH INTERESTS

My research lies in the intersection of **applied and computational mathematics**, **computer science**, and **data science**. My current work centers around analysis and algorithms in scientific computing and scientific machine learning, particularly in numerical analysis, statistical inference, stochastic sampling and optimization, with applications in physics and data science.

TEACHING

Teaching Assistant at Caltech

- ACM 109: Mathematical Modeling Spring 2021
- ACM 118: Stochastic Processes and Regression Winter 2020
- ACM 117: Probability and Stochastic Processes Fall 2020
- ACM 109: Mathematical Modeling Spring 2020

INDUSTRIAL EXPERIENCES

- | | |
|--|--|
| Citadel Securities Quantitative Research Intern – Project on Alpha Research: Predicting APAC Market Returns | Miami, Florida 6/2022-8/2022 |
| Microsoft Part Time Researcher, Mentor: Pengchuan Zhang – Project: Stabilizing Large Scale Neural Network Training of Vision Transformers | (virtual) Redmond, Washington 9/2021-2/2022 |

REFeree SERVICES

- Reviewer for Journal of Functional Analysis
- Reviewer for SIAM on Uncertainty Quantification
- Reviewer for SIAM on Control and Optimization
- Reviewer for SIAM on Numerical Analysis
- Reviewer for SIAM on Multiscale Modeling and Simulation
- Reviewer for Research in the Mathematical Sciences
- Reviewer for the 4th International Conference on Geometric Science of Information, 2019.

CONFERENCES AND SEMINARS

- 17th U. S. National Congress on Computational Mechanics, Albuquerque, New Mexico, July 2023
- Mathematical and Scientific Machine Learning, ICERM, Providence, June, 2023
- The AIMS Conference on Dynamical Systems, Differential Equations and Applications, Wilmington, North Carolina, May 2023

- Southern California Applied Mathematics Symposium, University of California, Irvine, April 2023
- Peking University applied math colloquium (virtual), Feb, 2023.
- Columbia applied math colloquium (virtual), January, 2023.
- The International Conference on New Trends in Computational and Data Sciences, Caltech, December 2022.
- Co-organizing the minisymposium “Recent Advances in Kernel Methods for Computing and Learning” in SIAM Mathematics of Data Science, San Diego, September, 2022.
- Southern California Applied Mathematics Symposium, Harvey Mudd College, May, 2022
- Rough Path Interest Group, The Alan Turing Institute (virtual), April, 2022
- SIAM Uncertainty Quantification Minisymposium “New Developments in Gaussian Processes”, Atlanta, April 2022
- CMX Student and Postdoc Seminar, Caltech, November, 2020
- Second Symposium on Machine Learning and Dynamical Systems, Fields Institute (virtual), September, 2020
- Bernoulli-IMS One World Symposium (virtual), August, 2020
- Oberwolfach Seminar: Beyond Numerical Homogenization, June, 2019
- Machine Learning for Multiscale Model Reduction Workshop, Harvard University, March, 2019
- Mathematical Model and Computation of Nonlinear Problems, Tsinghua Sanya International Mathematics Forum, January, 2018
- Youth Forum in the 15th Annual Meeting of CSIAM, Qingdao, China, October, 2017

SCHOLARSHIPS AND AWARDS

- | | |
|--|-----------|
| • The W.P. Carey and Co. Prize in Applied Mathematics, 2023, Caltech | 2023 |
| • Kortschak Scholars Program, Department of Computational and Mathematical Sciences, Caltech | 2018–2023 |
| • Tsinghua Xuetang Mathematics Program, Department of Mathematical Sciences, Tsinghua University | 2015–2018 |
| • Outstanding Undergraduate, Tsinghua University and Beijing | 2018 |
| • Baosteel Scholarship, Baosteel Corporation | 2017 |
| • Scholarship in Memory of the “12.9” Student Movement, Tsinghua University | 2016 |
| • Qualcomm Scholarship, Qualcomm Corporation | 2016 |
| • Scholarship in Memory of Mathematics Professor Ou Li, Tsinghua University | 2016 |
| • National Scholarship, Ministry of Education of China | 2015 |

COMPUTER SKILLS

Professional experiences in MATLAB, LaTeX, Python, Julia.

LANGUAGES

English (fluent), Chinese (native)
